

London and Stratford Division.

You have wondered, no doubt what had been done of us, but have we are again. We have been having some good times since we entered upon the New Year. Last Tuesday we had the Soldiers' Tea and Welcome Meeting for Marching Boys. Every boy was delighted with the welcome. There was quite a treat, and great good was done, hallelujah! On Friday everyone seemed real happy, especially our colored brother, who shouted for joy as one after another told of God's dealings with them. Boys were spending all day, right from the Kneel Drill until the close. All agreed it was the best day they had known. Though no one yielded and came to God, we cannot but believe they will before long, for many are almost peradvised. Forward comrades, we shall win if we fight in the strength of our King Jesus.

Alive! God has a STRATFORD, been with us through the week gone by and Capt. D. THOMSON, the victory over sin and the devil. Monday evening we were all up apparently on the visiting business, the streets being crowded at night, and seeing this chance we pitched a tent and had a blood-and-fire open-air, with many of people around us we voted for the march and planted Satan's kingdom must come down and Jesus shall reign.

Since our last report we have had some good times, especially in SARNIA. Capt. D. THOMSON, the victory over LINCOLN, a SWITZER, soon be forgotten by those who were present at our meetings here. In the morning meeting God came very near. He was also with us in the afternoon and at night. His presence was made manifest by the power of the Word. No doubt we had a greater manifestation of the power of God, no brighter conversion than that of the brother who came to Christ. Truly the work of the Lord is marvelous in our eyes, and give Him all the glory for what He has done.

Steadily marching on, stamping the cords of darkness all around us. The past week we have been storming the swamp, and getting wood out for barracks and quarters, and you would have laughed if you had seen us breaking into the water over boot-tops, then drawing it out of the swamp with our hands. We never had a good time splicing the ropes we used to keep us warm. Hallelujah! We are also getting some of the fire here warming the body is here, and marches and speaks for God, is a real soldier. We are all well under the blood and determined to go forward and win.

The prophet OREEMORE, that the dead would be raised in Ottawa, more has been fulfilled. One old man who has been dead in trespasses and sin for seventy-six years has been brought to life by the resurrection power of God, and now sits down at the table with his son and God the Father, and the feast is established in love. Glory to God. This comes to pass while out visiting, also our meetings are improving in stanchance and power.
